Magellan Explorer

Magellan Explorer is a new and modern expedition vessel custom build for our Antarctic air-cruises. She was built in Chile to the latest Polar Code specifications to start service in 2019.

For our air-cruises, Magellan Explorer has capacity for 69 passengers in seven categories of accommodation, including dedicated single cabins. All cabins except Porthole cabins feature private balconies. All double cabins except two have two twin beds that can be configured as one king-size bed. All cabins feature a wardrobe, individually controlled heating system, a sitting area, and a private bathroom with shower.

The ship features a glass-enclosed observation lounge and presentation room with state-of-the-art audio-visual equipment, a spacious and stylish dining room, a well-stocked bar, a library, a meeting room, a gym, a sauna, and a medical clinic. The forward-facing observation deck leads to the bow of the ship, which is accessible to guests to offer proximity to marine wildlife. The ship has a fleet of 10 Zodiac boats that are well suited for disembarking and wildlife watching.
